Auto-clamping holder

Verbatim's fast-charging phone holder uses high-speed Qi wireless charging technology to provide safe and fast charging for your Android or iPhone. The high-quality charging mount allows hands-free calls and easy viewing of GPS maps while quickly charging your Qi-enabled smartphone.

With its automatic clamping system and a maximum charging power of 15W, just place your phone into the holder and it will do the rest - holding your phone firmly in place and charging it up while you are on the road.
